Terms & conditions for the purchase of goods and services
At Shell, we consider good business to be about relationships, and trust to be at the heart of good business relationships and practice. The people and companies you trust and have good working relationships with are those you do the best business with. A contract represents the formal basis for trust between the parties who sign it. For all parties to commit to it, a contract must be an accurate account of the agreement reached; and, for it to be read and understood, it must be written in terms that are accessible and familiar. This document aims to honour that trust by laying out its terms and conditions as clearly and unambiguously as possible.

18 Insurance
Before beginning performance, CONTRACTOR will arrange any insurance required by applicable law, and maintain that insurance in effect for as long as the contract lasts. If the obligation to procure insurance and perform other actions in connection with this clause is satisfied, this will not relieve CONTRACTOR of any other obligations or liabilities.

20.4 Mandatory disclosures

If CONTRACTOR is required by any court, judicial, governmental, or regulatory body, or otherwise under applicable laws, to disclose any confidential information, CONTRACTOR, to the extent lawful to do so, shall: (a) promptly notify COMPANY of such disclosure requirement to allow COMPANY or a member of company group to oppose the requirement or to seek a protective order and/or take any other action to protect such information; (b) reasonably cooperate, if requested by COMPANY or a member of company group, in taking any of these actions at COMPANY’s or member of company group’s reasonable cost and expense; (c) disclose only that portion of such information as CONTRACTOR is legally required to disclose; and (d) use reasonable endeavours to ensure that confidential treatment is given to such information.

21 Intellectual property

(a) Except for IP rights vested with CONTRACTOR as provided below, all right, title, and interest in and to work product hereby vests in COMPANY or its designee upon the generation, creation and/or discovery thereof, and shall be COMPANY’s IP rights. In addition, all IP rights generated, created or discovered hereunder that use or are an improvement to company group’s IP rights, or are generated, created or discovered using, or are an improvement to, confidential information, hereby vests in COMPANY or its designee upon the generation, creation and/or discovery thereof, and shall be COMPANY’s IP rights. CONTRACTOR will execute, and will cause contractor group to execute, documents and, take all other steps as may reasonably be necessary to document the ownership of COMPANY or its nominee in the IP rights to allow COMPANY to secure, protect, and enforce those rights for the benefit and full use by company group. CONTRACTOR irrevocably waives, and will cause contractor group to irrevocably waive, any moral or similar, non-transferable rights that any persons in contractor group may have in IP rights vesting in COMPANY under this sub-article. All right, title, and interest in and to work product generated, created or discovered by CONTRACTOR in the performance of scope that are an improvement to CONTRACTOR’s IP rights hereby vests in CONTRACTOR or its designee upon the generation, creation and/or discovery thereof, and shall be CONTRACTOR’s IP rights and shall not be subject to the obligations of secrecy and restricted use set forth in the confidentiality provisions herein.

have improved, repair, have repaired, maintain, have maintained any work product. CONTRACTOR warrants that the sale, license, use or distribution by any member of company group of any work product or any other materials made available to company group by CONTRACTOR in connection with scope will not infringe or misappropriate the IP rights of any third party.

(c) CONTRACTOR will indemnify company group, assignees, transferees, and sublicensees permitted by this contract for any liabilities resulting from any claim that: (i) the contractor group’s provision of scope, (ii) any work product provided to company group, or (iii) the use of such work product by any member of company group, infringes or misappropriates the IP rights of any third party.

22 Financial and performance audit

(a) COMPANY will have the right to audit:
(i) invoiced charges and proper invoicing
(ii) other books and records
(iii) the performance of any other of CONTRACTOR’S obligations under the contract, where it is possible for these to be verified by audit

(b) Within 45 days of any audit finding, the parties will settle any amounts charged incorrectly, and CONTRACTOR will provide or re-perform any scope that the audit identifies as needing to be done.

(c) CONTRACTOR will keep books and records available for audit for whichever is the longer of the following periods:
(i) five years following termination of the contract or any longer period as required by applicable laws
(ii) two years after the period expires on any obligation of CONTRACTOR to perform or re-perform any scope

(d) CONTRACTOR will comply with any requirement in the contract for relevant books and records to be retained for a longer period, in order to comply with anti-corruption laws.

23 Relationship of the parties

23.1 Independent contractor

CONTRACTOR is an independent CONTRACTOR in all aspects of performance under the contract. CONTRACTOR is responsible for the method and manner of performance to achieve the results required by the contract.

23.2 No business relationship

(a) The contract and its performance do not create a partnership or joint venture, and neither does the contract appoint either party to it as agent of the other. The contract does not permit CONTRACTOR to make any commitment on behalf of company group.

(b) CONTRACTOR and contractor personnel are not to be considered employees of company group and are not eligible to participate in any of company group’s employee benefit plans.

(c) CONTRACTOR agrees that it will not employ, contract or enter into subcontracts with persons that have or are suspected of having connections with organised crime, international terrorism, or interests in illicit drug, or other internationally condemned activities.

(d) CONTRACTOR guarantees that no individual will be engaged by CONTRACTOR under the contract to perform services exclusively for COMPANY, and that no personnel of contractor group will spend more than 25% of their time each year (as so engaged) performing services under the contract.

24 Contractor personnel and subcontracting

24.1 Responsibility

CONTRACTOR is responsible for any scope performed by any subcontractor and all contractor personnel; all activities, omissions and defaults are to be treated as if they were the activities, omissions or defaults of CONTRACTOR.

24.2 Condition to subcontract and formation and content of subcontracts

(a) CONTRACTOR will not bind company group in any subcontract, and each subcontract will name CONTRACTOR as the contracting party in its own right and not as an agent of COMPANY.

(b) CONTRACTOR will fully and timely perform all its obligations in its subcontracts with each subcontractor. CONTRACTOR is solely liable for managing its subcontracts and any liabilities in connection with its subcontracts, including in relation to the exercise by COMPANY of its rights under the contract.
26 Force majeure

(a) If a force majeure event prevents performance of part of an obligation of the contract, COMPANY and CONTRACTOR are each excused from performance of the affected part of the contract, unless it was the fault of the party that contributed to the event or unless reasonable care and attention on the part of the party could have avoided or mitigated the circumstances that caused the event.

(b) Only the following are force majeure events:

(i) riots, wars, hostilities (whether or not declared), rebellion, revolution, military insurrection, usurped power, blockades, or threats or acts of sabotage or terrorism

(ii) earthquakes, floods, fires, named hurricanes or cyclones, tidal waves or tsunamis

(iii) radioactive contamination, epidemics, pandemics, maritime or aviation disasters

(iv) strikes or labour disputes at a national or regional level or involving labour not forming part of contractor group or company group, which materially makes the party claiming force majeure less able to perform the contract

(v) government sanctions, embargoes, mandates or laws that prevent performance

(vi) inability of a party to obtain, in time, licences, permits or the necessary consent of authorities for performance, unless there is an express provision otherwise in the contract

(vii) non-performance of a party’s subcontractor where the subcontractor has been or is affected by one of the above force majeure events – performance will only be excused under this subparagraph, however, if the parties to the contract agree that in the circumstances it is impracticable to substitute performance by another subcontractor

(c) If a party’s performance is delayed or prevented, they will notify the other party and use reasonable endeavours to mitigate the effects of any force majeure event

(d) COMPANY may terminate the contract or part of scope if any force majeure event results in a delay of more than 90 consecutive or 180 cumulative days.

28 Governing law, dispute resolution and remedies

28.1 Governing law

This contract, and any dispute or claim arising out of or in connection with this contract – or its subject matter or formation, including any non-contractual disputes or claims – will be exclusively governed by and construed in accordance with the laws of the Republic of Colombia excluding conflict of law rules and choice of law principles that provide otherwise. The United Nations Convention on the International Sale of Goods will not apply to this contract.

28.2 Dispute resolution

(a) Any dispute or claim arising out of or in connection with the contract or its subject matter or formation will be finally and exclusively resolved by arbitration by International Centre for Dispute Resolution under its then current commercial arbitration rules. This shall apply whether the dispute or claim is in tort, contract, under statute or otherwise, including any question regarding the contract’s existence, validity, interpretation, breach or termination, and including any non-contractual claim.
(b) The arbitral tribunal, to be appointed in accordance with the arbitration rules, will consist of one arbitrator. If either party asserts that the amount in controversy is more than USD $5 million, however, then the tribunal will consist of three arbitrators.
(c) The seat of the arbitration will be Bogotá, Colombia.
(d) The language of the arbitration will be English.
(e) Nothing in Clause 28 will be understood as preventing any party from seeking conservatory or similar interim relief (where conservatory means aimed at preserving a state of affairs) from any court with competent jurisdiction. The arbitral tribunal will make awards in writing and any such award will be final and binding on the parties. The parties will carry out the award without delay. Judgement upon any award or order may be entered in any court having jurisdiction. All aspects of the arbitration will be considered confidential.

29 Additional legal provisions

(a) The parties retain their rights and remedies under applicable laws subject to any provisions in the contract that provide otherwise.
(b) A provision of the contract may be waived only if made in writing by an authorized representative of the waiving party.
(c) Provisions that state that they survive, or by their nature are intended to survive, completion of performance or termination of the contract do so, along with all remedies attached to them.
(d) For amendments to the contract to be binding, they must be made in writing and signed by the parties’ authorized representatives.

(e) If the terms of the contract conflict with applicable laws, the applicable laws will prevail, and the contract will be amended automatically, as if those applicable laws were copied into this contract in extenso, to comply with those laws.

(f) Where translations have been provided, the English version will prevail in the case of any conflicts or inconsistencies between translations. If it is required by applicable laws or other circumstances for the contract to be translated into Spanish, the parties to this contract will select a mutually acceptable translator. If the parties cannot agree on a translator, each party will select a translator and the two translators will select a third translator to do the translation.

(g) Contractor group or company group that is not a party to the contract is nevertheless entitled to enforce any rights conferred to it; they are not, however, required to consent to, amend or terminate those rights.

(h) The contract sets forth the entire agreement between the parties concerning its subject matter and supersedes any other agreements or statements relating to the same subject matter, except those agreements or statements expressly referenced in the contract. Any confidentiality agreement relating to the subject matter will remain in effect for the duration of the contract, unless the contract allows it to be terminated or replaced.
