At Shell, we consider good business to be about relationships, and trust to be at the heart of good business relationships and practice. The people and companies you trust and have good working relationships with are those you do the best business with. A contract represents the formal basis for trust between the parties who sign it. For all parties to commit to it, a contract must be an accurate account of the agreement reached; and, for it to be read and understood, it must be written in terms that are accessible and familiar. This document aims to honour that trust by laying out its terms and conditions as clearly and unambiguously as possible.

shell.com/termsandconditions

These terms and conditions apply to the contract between COMPANY and CONTRACTOR. This contract may be in the form of a purchase order or a work statement (the contract). These terms and conditions are binding between COMPANY and CONTRACTOR; they supersede and replace any CONTRACTOR terms and conditions or previous contracts for any goods or services (defined as scope in the contract). If the parties to this contract agree any special terms, those terms should be documented and added to the purchase order terms – or a further contract should be drawn up containing those special terms. Where these terms and conditions are attached to or incorporated in a contract issued under an existing contract, the terms and conditions of that existing contract will overrule those of the later contract.

(a) CONTRACTOR warrants that all services supplied in connection with the performance of the scope will be:
   (i) performed in accordance with the contract
   (ii) fit for use for any purpose specified in the contract
   (iii) free from any defect or deficiency

(c) Following COMPANY’s acceptance of services, the warranties set out in this clause (Clause 4) replace all other warranties expressed or implied by statute, common law, custom, usage or otherwise.

(d) COMPANY will supply services diligently, efficiently, and carefully, in a good and professional manner, and in accordance with the contract and all standards of practice. CONTRACTOR will provide all skills, labour, supervision, equipment, goods, materials, supplies, transport and storage required for services.

4.2 Contractor personnel in connection with services

Where COMPANY requires, CONTRACTOR will at its own expense perform security background checks and obtain entry credentials for contractor personnel on company group worksites.

5 Our procedure for invoicing and payment

(a) COMPANY agrees to pay the contract price to CONTRACTOR in the currency specified in the Schedule of Prices, and at the times and in the manner specified in this clause (Clause 5). The contract price is all-inclusive except for value added tax or sales tax.

(b) CONTRACTOR will invoice only after acceptance of the scope, unless other arrangements have been agreed in the contract.

(d) COMPANY will pay CONTRACTOR any undisputed amount within the time period specified in the contract after it has received a correct and adequately supported invoice (i.e., it has been filled out correctly and contains all the necessary documentation). It takes COMPANY 2–5 days to establish whether an invoice is adequately supported, and those days are counted as part of the standard payment term of 60 days after an invoice has been received. COMPANY would need to approve any alteration to this standard payment term in advance and in writing.

(e) Payment of an invoice is not:
   (i) by itself either an agreed satisfactory conclusion to the obligations of the contractor or a limitation of the rights of the parties in connection with the matter
   (ii) acceptance of scope was performed in accordance with the contract

7 When a contractor needs access to company systems, information or infrastructure

Access to company group’s information technology or resources (including company’s infrastructure) in order to perform scope, will require contractor to sign and comply with company’s standard terms and conditions for access and security – unless the parties agreed otherwise in writing.

8 Variations in relation to scope

Company may request, or contractor may initiate, a variation assessment. Contractor is not entitled to a variation for matters that were included in scope, or matters that contractor agreed to perform or should take into account in connection with the contract. Company may accept the variation assessment by issuing a variation order, or reject the variation assessment.

9 Inspections, testing and acceptance of scope

(a) To confirm scope complies with the contract, contractor will perform all tests and inspections required by the contract, applicable laws and, unless otherwise specified in the contract, standards of practice.

(b) Contractor will request acceptance of goods upon the completion of the delivery of these goods, or acceptance of services upon the completion of these services. Acceptance has occurred if one of the following takes place:

(i) company has notified contractor in writing
(ii) 30 days has passed after contractor’s request for acceptance
(iii) scope is put into commercial use by company group
Acceptance of goods/services marks the start of the warranty period. Other remedies that are included in the contract will not be affected by acceptance of goods/services and will continue to apply.

10 Contractor’s responsibilities if there are defects

If defects in scope are discovered, contractor will provide a plan to remedy the defects and will remedy them as quickly as possible.

Contractor’s guarantees against defects are transferable, and contractor will transfer to company all manufacturers’ guarantees. Where guarantees against defects are not transferable, upon contractor’s request, contractor will, on behalf of company or the organisation to which company transfers responsibility, pursue all guarantees that cannot be transferred.

In certain circumstances company may perform, or have others perform, some or all of the remedial actions, without prejudice to other remedies it may have. This may be when:

(i) emergency situations or other HSSE risks mean that remedial actions need to be carried out immediately
(ii) contractor presents a plan which does not provide for a speedy enough completion of warranty work

(iii) contractor does not complete the actions in the time agreed on the schedule

CONTRACTOR will not broadcast or publish any external communications related to the contract.

20.4 Mandatory Disclosures
If CONTRACTOR is required by any court, judicial, governmental, or regulatory body, or otherwise under applicable laws, to disclose any confidential information, CONTRACTOR, to the extent lawful to do so, shall: (a) promptly notify COMPANY of such disclosure requirement to allow COMPANY or a member of company group to oppose the requirement or to seek a protective order and/or take any other action to protect such information; (b) reasonably cooperate, if requested by COMPANY or a member of company group, in taking any of these actions at the COMPANY’s or member of company group’s reasonable cost and expense; (c) disclose only that portion of such information as CONTRACTOR is legally required to disclose; and (d) use reasonable endeavours to ensure that confidential treatment is given to such information.

21 Intellectual property
(a) Except for IP rights vested with CONTRACTOR as provided below, all right, title, and interest in and to work product hereby vests in COMPANY or its designee upon the generation, creation and/or discovery thereof, and shall be COMPANY’s IP rights. In addition, all IP rights generated, created or discovered hereunder that use or are an improvement to company group’s IP rights, or are generated, created or discovered using, or are an improvement to, confidential information, hereby vests in COMPANY or its designee upon the generation, creation and/or discovery thereof, and shall be COMPANY’s IP rights. CONTRACTOR will execute, and will cause contractor group to execute documents, and take all other steps as may reasonably be necessary to document the ownership of COMPANY or its nominee in the IP rights to allow COMPANY to secure, protect, and enforce those rights for the benefit and full use by company group. CONTRACTOR irrevocably waives, and will cause contractor group to irrevocably waive, any moral or similar, non-transferable rights that any persons in contractor group may have in IP rights vesting in COMPANY under this sub-article. All right, title, and interest in and to work product generated, created or discovered by CONTRACTOR in the performance of scope that are an improvement to CONTRACTOR’s IP rights hereby vests in CONTRACTOR or its designee upon the generation, creation and/or discovery thereof, and shall be CONTRACTOR’s IP rights and shall not be subject to the obligations of secrecy and restricted use set forth in the confidentiality provisions herein.

(b) CONTRACTOR warrants that it is entitled to do so, grants to company group an irrevocable, non-exclusive, perpetual, worldwide, royalty-free right and licence, with the right to transfer, assign or grant sublicences in any of CONTRACTOR’s IP rights embodied in any work product, to use, have used, make, have made, sell, have sold, operate, have operated, possess, have possessed, import, have imported, exploit, have exported, copy, have copied, distribute, have distributed, modify, have modified, create derivative works of, have derivative works created of, improve, have improved, repair, have repaired, maintain, have maintained any work product. CONTRACTOR warrants that the sale, license, use or distribution by any member of company group of any work product or any other materials made available to company group by CONTRACTOR in connection with scope will not infringe or misappropriate the IP rights of any third party.

22 Financial and performance audit
(a) COMPANY will have the right to audit:
(i) invoiced charges and proper invoicing
(ii) other books and records
(iii) the performance of any other of CONTRACTOR’s obligations under the contract, where it is possible for these to be verified by audit
(b) Within 45 days of any audit finding, the parties will settle any amounts charged incorrectly, and CONTRACTOR will provide or re-perform any scope that the audit identifies as needing to be done.
(c) CONTRACTOR will keep books and records available for audit for whichever is the longer of the following periods:
(i) five years following termination of the contract or any longer period as required by applicable laws
(ii) two years after the period expires on any obligation of CONTRACTOR to perform or re-perform any scope
(d) CONTRACTOR will comply with any requirements in the contract for relevant books and records to be retained for a longer period, in order to comply with anti-corruption laws.

23 Relationship of the parties

23.1 Independent contractor
CONTRACTOR is an independent CONTRACTOR in all aspects of performance under the contract. CONTRACTOR is responsible for the method and manner of performance to achieve the results required by the contract.

23.2 No business relationship
(a) The contract and its performance do not create a partnership or joint venture, and neither does the contract appoint either party to it as agent of the other. The contract does not permit CONTRACTOR to make any commitment on behalf of company group.

(b) CONTRACTOR and contractor personnel are not to be considered employees of company group and are not eligible to participate in any of company group’s employee benefit plans.

24 Contractor personnel and subcontracting

24.1 Responsibility
CONTRACTOR is responsible for any scope performed by any subcontractor and all contractor personnel; all activities, omissions and defaults are to be treated as if they were the activities, omissions or defaults of CONTRACTOR.

24.2 Condition to subcontract and formation and content of subcontracts
CONTRACTOR may not subcontract any part of its obligations under the contract except as agreed in writing by COMPANY and CONTRACTOR will ensure that subcontracts are in all material respects consistent with the terms and conditions of the contract.

25 Assignment
A party can assign or novate (substitute a new legal obligation for an old one) all or part of the contract only with the written consent of the other party; the exception to this is that, provided COMPANY gives written notice to CONTRACTOR, COMPANY may assign and novate all or part of the contract to an affiliate without the consent of CONTRACTOR.

26 Force majeure
(a) If a force majeure event prevents performance of part of an obligation of the contract, COMPANY and CONTRACTOR are each excused from performance of the affected part of the contract, unless it was the fault of the party that contributed to the event or unless reasonable care and attention on the part of the party could have avoided or mitigated the circumstances that caused the event.
(b) Only the following are force majeure events:
(i) riots, wars, blockades, or threats or acts of sabotage or terrorism
(ii) earthquakes, floods, fires, named hurricanes or cyclones, tidal waves or tornadoes
(iii) radioactive contamination, epidemics, pandemics, maritime or aviation disasters
(iv) strikes or labour disputes at a national or regional level or involving labour not forming part of contractor group or company group, which materially makes the party claiming force majeure less able to perform the contract
(v) government sanctions, embargoes, mandates or laws that prevent performance
(vi) inability of a party to obtain, in time, licences, permits or the necessary consent of authorities for performance, unless there is an express provision otherwise in the contract.
(vii) non-performance of a party’s subcontractor where the subcontractor has been or is affected by one of the above force majeure events – performance will only be excused under this sub-paragraph, however, if the parties to the contract agree that in the circumstances it is impracticable to substitute performance by another subcontractor.
(c) If a party’s performance is delayed or prevented, they will notify the other party and use reasonable endeavours to mitigate the effects of any force majeure event.
(d) COMPANY may terminate the contract or part of scope if any force majeure event results in a delay of more than 90 consecutive or 180 cumulative days.

27 Notices
All notices or other communications under the contract must be in English and in writing, and delivered in one of these four ways:
(i) by hand
(ii) sent by prepaid courier
(iii) sent by registered post
(iv) sent by email with a request for confirmation of receipt.
Notices and communications are effective when actually delivered at the address specified in the contract.

28 Governing law, dispute resolution and remedies

28.1 Governing law
This contract, and any dispute or claim arising out of or in connection with this contract – or its subject matter or formation, including any non-contractual disputes or claims – will be exclusively governed by and construed in accordance with the laws of the Islamic Republic of Pakistan excluding conflict of law rules and choice of law principles that provide otherwise. The United Nations Convention on the International Sale of Goods will not apply to this contract.

28.2 Dispute resolution
(a) Any dispute or claim arising out of or in connection with the contract or its subject matter or formation will be finally and exclusively resolved by arbitration by Dubai International Financial Centre-London Court of International Arbitration (“DIFC-LCIA”) under its then current commercial arbitration rules. This shall apply whether the dispute or claim is in tort, contract, under statute or otherwise, including any question regarding the contract’s existence, validity, interpretation, breach or termination, and including any non-contractual claim.
(b) The arbitral tribunal, to be appointed in accordance with the arbitration rules, will consist of one arbitrator. If either party asserts that the amount in controversy is more than USD $5 million, however, then the tribunal will consist of three arbitrators.
(c) The seat of the arbitration will be Dubai, United Arab Emirates.
(d) The language of the arbitration will be English.
(e) Nothing in Clause 28 will be understood as preventing any party from seeking conservatory or similar interim relief (where conservatory means aimed at preserving a state of affairs) from any court with competent jurisdiction. The arbitral tribunal will make awards in writing and any such award will be final and binding on the parties. The parties will carry out the award without delay. Judgement upon any award or order may be entered in any court having jurisdiction. All aspects of the arbitration will be considered confidential.
Additional legal provisions

(a) The parties retain their rights and remedies under applicable laws subject to any provisions in the contract that provide otherwise.

(b) A provision of the contract may be waived only if made in writing by an authorised representative of the waiving party.

(c) Provisions that state that they survive, or by their nature are intended to survive, completion of performance or termination of the contract do so, along with all remedies attached to them.

(d) For amendments to the contract to be binding, they must be made in writing and signed by the parties’ authorised representatives.

(e) Contractor group or company group that is not a party to the contract is nevertheless entitled to enforce any rights conferred to it; they are not, however, required to consent to, amend or terminate those rights.

(f) The contract sets forth the entire agreement between the parties concerning its subject matter and supersedes any other agreements or statements relating to the same subject matter, except those agreements or statements expressly referenced in the contract. Any confidentiality agreement relating to the subject matter will remain in effect for the duration of the contract, unless the contract allows it to be terminated or replaced.
